

ASSOCIATION OF ENVIRONMENTAL & ENGINEERING GEOLOGISTS

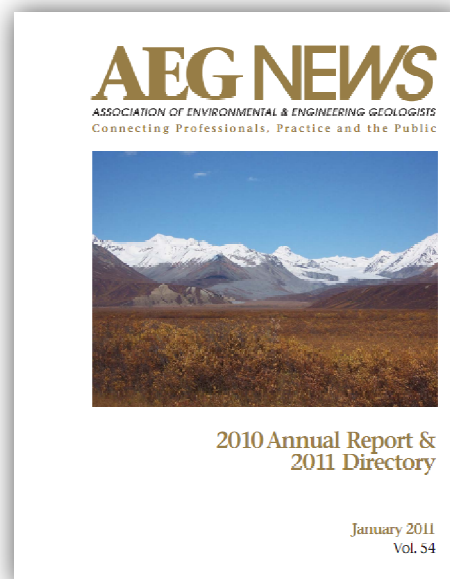

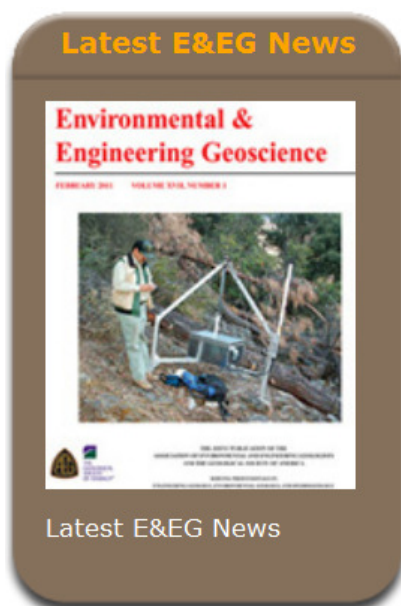

Connecting Professionals, Practice and the Public

WHY JOIN THE AEG?

Why should a member of SAIEG also be part of AEG?

Although SAIEG is an affiliate member of AEG as a group, individual members of SAIEG are not automatically members of AEG. If you, as an individual, join the AEG as a Full member you would receive the following benefits:

- Increase technical and business knowledge,
- Enhanced career opportunities,
- Networking with hundreds of other professionals,
- Access to a number of publications:
 - Environmental and Engineering Geoscience journal (quarterly)
 - AEG News magazine (quarterly)
 - Directory of the Association of Environmental and Engineering Geologists
 - AEG Annual Program with Abstracts
 - Special Publications on technical topics
- Discounted international rate for South African Section Members.

The AEG's strategic plan includes the following 5 goals:

- To advocate the value of environmental and engineering geology,
- To assist and support Sections and Chapters and their programs,
- To strengthen students and young professional's awareness of the field of environmental and engineering geology and increase their participation in AEG,
- To create a communication plan both within the association and for public outreach, and
- To make the AEG Annual Meeting a more valuable resource to the Membership and public.
