

STUDENT MEMBERSHIP

Introduction

The South African Institute for Environmental & Engineering Geologists (SAIEG), is a national voluntary group which represents natural scientists practicing in the field of engineering and environmental geology. It has gained recognition as a Natural Scientific Association from SACNASP (South African Council for Natural Scientific Professions) and is affiliated to international associations based in Europe (IAEG) and the USA (AEG). SAIEG provides various educational and public awareness programs and provides a means of communication between its members and the industry.
