

SAIEG SITE VISIT: INGULA PUMPED STORAGE SCHEME

www.panoramio.com

SAIEG invites all interested to attend a site visit to the Ingula Pumped Storage Scheme currently being constructed for Eskom near Ladysmith, KZN. It will involve a 3-4 hour tour of the site during which the engineering geology of the Bramhoek and Bedford dams, the tailrace tunnel, inlet structures and surge shafts will be seen.

- Date: 21 August 2010
- Time: 09:00 (Duration: ±4 hrs)
- Venue: Ingula Pumped Storage Scheme
- Cost: SAIEG members: R100 (Non-members: TBA)
- RSVP: events@saieg.co.za before 16 July 2010

The site visit is restricted to 30 people and preference will be given to SAIEG members on a “first come first serve” basis.

Please note that travel will be under own arrangement as some may want to make a weekend trip and others only a day trip. Directions and further information regarding arrangements and accommodation options will be emailed upon booking.
