

Dear Member,

08 December 2015

2016 SAIEG MEMBERSHIP FEES

Once again we are at the time of year where annual memberships are due for renewal. Invoices will be sent out before the end of January 2016, as such we kindly request that you fill in the directory questionnaire as soon as possible to ensure correct invoicing. Payment will be required before the end of February 2016, so that we can pay our international membership fees and maintain the affiliation with our partners, AEG and IAEG.

RATES FOR 2016

Please note that there will be no increase in membership fees across all categories for 2016. The membership fees and bulletin costs for 2016 therefore remain as follows:

Member category	2016 SAIEG Membership		IAEG Bulletin
	Without IAEG Bulletin	With IAEG Bulletin	
Honorary Fellow	Free	Free	Free
Fellow	R 715	R 1 295	R 580
Member	R 715	R 1 295	R 580
Associate member	R 650	R 1 230	R 580
Affiliate member	R 455	R 1 035	R 580
Retired member	R 410	R 700	R 290
Student member	Free	R 290	R 290

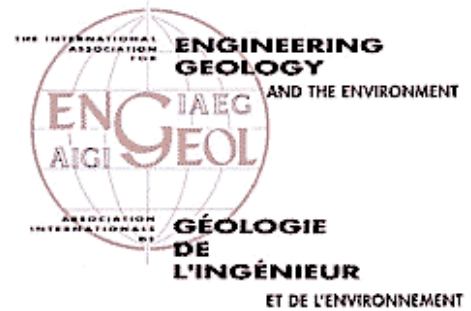

Associate / Candidate Members please note:

A member of this category has three years to upgrade to full membership status once qualified. Failing application after three years, the member will be billed for full membership fees, but will retain the title of Associate / Candidate member. They are therefore urged to apply for full membership as soon as they qualify for full membership.

IAEG AFFILIATION AND BULLETINS

The IAEG affiliation fee for all categories of SAIEG members is paid to IAEG in France, together with the fees for bulletins early in the New Year. It is therefore important that we receive all membership fees as soon as possible.

A reminder that all SAIEG members should register on the IAEG web site: A link is provided on the SAIEG website under "Links". Once on the IAEG web site, follow another link to Springer Verlag and you will be able to view some of the electronic issues of the bulletin. If you have not yet indicated if you would like to subscribe to receiving the hard copies of the bulletins, let us know by indicating on the directory questionnaire. For those members who ordered bulletins in previous years, they will be automatically ordered for you unless we are instructed otherwise.

AEG AFFILIATION

The AEG affiliation fees for all categories of SAIEG members are also paid early in the year to AEG in the USA.

For those who wish to be full members of AEG and receive additional publications such as the AEG News and the Environmental and Engineering Geoscience journal, payment must be made by the end of January to SAIEG. AEG full members will be notified separately regarding fees payable.

We look forward to seeing you at our 2016 AGM and Gold Award Dinner on 11 March 2016 (details to follow shortly).

All the best for the New Year!

Regards,

Paul Aucamp

Treasurer for SAIEG
